

CALCIUM SULFATE

FOOD & COSMETIC GRADE

This is a high purity calcium sulfate dihydrate milled in the INDIA from the very purest and whitest gypsum. It will meet or exceed all FCC and USP specifications and is suitable for all types of food and pharmaceutical formulations.

CHEMICAL ANALYSIS:

CaSO ₄ - 2(H ₂ O)	99.1%
Loss on Drying	18.7%
As	less than 0.1 ppm
Fl	11 ppm
heavy metals	less than 10. ppm
Se	less than 0.5 ppm

PHYSICAL ANALYSIS:

appearance	powder
color	bright white
plus 100 mesh	trace
thru 325 mesh	96.5%

PACKING:

white paper bags 50 lbs each on wooden pallets
